### **Operational Review and Prospect**

Taking into account of the unsatisfactory financial position and performance of the Group for the past year, the Group is actively exploring the availability of alternative source of funds to strengthen the working capital and the asset base of the Group.

Travel agency business operates with stable and internally generated cash flow and ranks first in revenue contribution to the Group. The travel industry in PRC has been extremely competitive during the period. A lot of individual customers are becoming accustomed to using online platform for buying tickets and hotel booking. Given such circumstances, the Directors are considering various options to improve the profitability of the travel agency business.

Advertising and marketing business generates stable cash flow which ranks second in revenue contribution to the Group and is one of the core businesses of the Group. The performance of the advertising and marketing services has been unsatisfactory which is mainly due to increasingly high cost of operation. The management team is considering the possibilities of broadening the scope of services in order to achieve a higher margin.

The Company has entered into a sale and purchase agreement on 29 October 2013 to acquire a target group engaged in wholesale and distribution of branded kids clothing. The acquisition is subject to further shareholders' approval. The Directors believe, if the acquisition completes, the kids clothing business will become a major source of revenue of the Group.

On 6 November 2013, the Company has entered into the memorandum of understanding in relation to an acquisition of a target group engaged in businesses of artist management, marketing and promotional activities. The Directors are currently conducting the due diligence review on the target group. Should the Company proceed entering into any material contract, further announcement shall be made.

On 26 March 2014, the Company has entered into the memorandum of understanding in relation to an acquisition of a target group engaged in music entertainment business.
